## What do Head Brewers Make?

Posted by daveogil - 2008/04/14 18:20

---

I am thinking bout getting into the brewing business and am considering taking the UCD master brewers course. Anyone out htere know what a brewer makes these days in different parts of the country?

Cheers

Pay varies widely, depending on experience, location & size of brewery among other things. It's probably safe to say you can make a living, but you won't get rich. Talk to some of your local brewers about the job. Money isn't everything.
