Right now it's a three way tie between Orval, Double Bastard, and Speedway Stout. :P

Best beer????? That would be one you could drink any day, every day. One that is a great session beer but with enough versatility for parties, picnics, meals, snacks, etc. Hmmmmm. Wow. With all that as a qualifier I nominate Captain Lawrence Liquid Gold even though I love Hefes and Wits, (Love Oak Hefe and CL Sublock for tap/growlers Brooklyn Weiss and Allagash for bottles)

My absolute favorite is Northcoast Brewing's Russian Imperial Stout. It is so rich and creamy; the notes of espresso and chocolate are so comforting. I have lots of beers that I really like, but this one is my favorite.
