
Beer and cruizin? Nice combo!

My favorite beer overall is a toss up between Chimay blue label and Gulden Draak. At 9.3% and 12% respectively, they kick ass!

Yes, while I do agree the only thing against them is that it becomes hard to enjoy them all day seeing as how one gets pretty wasted after just a couple haha! I like a beer that I can drink all day and still be able to somewhat function around dinner time.
